## Jennifer's Blog

It's Labor Day weekend and I have the Darlington Race on the TV and two computers on in front of me as I start to write the newsletter. Can you believe summer is over and it's almost like we skipped September and went straight to October. Maybe October will be September. **Retreat** is fast approaching! If you are attending and you have not received your invoice by the time you are actually reading this let me know or check your junk mail! Please remember that we will be closed

**If you are a Handi Quilter lover** make sure you read about our educator Susan Jungerhold who will be coming at the beginning of December. She will be teaching some great classes that are educational for those who use long arms to quilt or even your beloved domestic! Make sure you register early! Take 1 class or all of them!

**Let's jump into October classes!**

**Peggy** is on the last month of techniques in her 7 month Techniques class. This month she will be teaching you Cathedral Windows. Make sure you check out the pictures in her write-up! She made an additional sample just of what you can do with the Cathedral window. She will also be doing her Disappearing 4

patch! Make sure you sign up for these classes! **In the world of knitting**, Emily will be teaching you the concept of two color knitting! It is not too early to get your hats done! Do not forget that the first Thursday is Crochet/Knit Klub!

**Joan is revisiting** a great technique that we have done in the past with an awesome twist! Come make this Beautiful Birds Wall hanging. It's an Attic Window technique that you will want to make over and over!

**We welcome Cynthia** into the world of teaching. She will be teaching the Make N takes this month. Start saving your candy bags. Be careful opening them though. You will want to use them to make these awesome Candy bags that we were introduced to by our Brother educator. Make them for the kids in your life or even for yourself! We will have several different sessions that you will be able to take the class!

**Ufo's continue** in October. We have two for you! One of which will be our annual Halloween party! You know I always have wicked things planned for that party!

**Machine Embroidery Club** this month is very appropriately a pumpkin! You will have a choice of what you do with the pumpkin. Make a mug rug. Make a place mat or applique it onto a sweatshirt! If you do not have a machine it's a great time to check out the new Brother Machines and join the fun!

**Mom asked me** to insert the paragraph below! Hope you all are still reading!

*Blurb from Pauline/Mom: Just a short note for those out there reading our newsletter. October is Breast Cancer Awareness Month! Please remember to take time to get your yearly mammogram. As some of our customers and friends know, I was diagnosed with stage 2 Breast cancer late last year. To all of you who send cards and prayers, I thank you! I did not feel any lumps but the mammogram found the tiny cancer cell. So this is why it's important at any age to take the time and get your mammogram! Pauline.*
